

## Holiday Ready

Tuesday, October 24 from 5:30 to 7:30 pm  
Wells Plastic Surgery and Skin Care  
135 East Maxwell, Suite 402

Take a little time for yourself and join us for this fun and informative open house event. You'll get all the latest skin care news and great samples, to help you look fabulous for the holidays!

Our skin care team, Susan Meers, Carrie Clifford-Bennett, and our newest member Natalie Coyle, is ready with tips and techniques that will make you shine with minimal downtime. Learn about non-surgical facial sculpting, an advanced rejuvenation method using Botox and Restylane. Update and freshen your look with the latest, greatest fall/winter colors from Jane Iredale Mineral Based Makeup.

Talk personally with Dr. Henry Wells and his medical staff about our superior surgical services.

It will be a great time to shop for your friends from our selection of skin care products and get **20% off gift certificates** that night only. Can you give a better gift than a relaxing facial at hectic holiday time? And don't forget yourself! Make your own list with our gift registry and we'll make sure Santa knows just what to bring you this year!

Door prizes will be given throughout the evening along with hors d'oeuvres by Sweet Violets of Midway.

Our office is across from Samaritan Hospital in the Samaritan Diagnostic Building. Complimentary parking is available behind our building.

R&VP to our office at 859.255.6649 or email [wellsprs@aol.com](mailto:wellsprs@aol.com)

# We are here for you!

Over 10 million cosmetic procedures were performed last year in the United States, an 11% increase over the past year. A significant portion of these procedures were non-surgical using injectables and fillers as alternatives to restore a youthful appearance.

Because we understand many don't have time or are not ready for surgery, we offer noninvasive procedures in a spa-like setting by certified nurses under my close supervision. Our nurses provide these services every day and have developed expert skills through training and experience so your treatment can be done at your convenience.

It is one more way we at Wells Plastic Surgery and Skin Care strive to meet your needs.

## Introducing ANTHELIOS SX

Daily Moisturizing Cream with Sunscreen

We have it and you'll want it! This revolutionary breakthrough product from La Roche-Posay, ANTHELIOS SX contains Mexoryl TM SX,- the first new sunscreen filter approved by the FDA since 1988! Since its official FDA approval just last month, ANTHELIOS SX has received unsurpassed feedback from Doctors and the Media because it has the **highest protection against UVA rays.**

Not only does it offer **complete broad coverage** against both UVB rays and long UVA rays, it is the **first and only** stable sun filter designed to protect your skin from short UVA rays. Unlike other organic sunscreen filters that offer UVA protection, Mexoryl TM SX is **highly photostable**, and will not rapidly degrade after being exposed to the sun for long periods of time. In addition to providing exceptionally complete sun protection, ANTHELIOS SX also provides 24-hour hydration, is fragrance free, PABA -free, and a light non-greasy formula so it is suitable for both sensitive and oily skin.

### Sun exposure is the number one cause of skin aging.

Don't age before your time! Be among the first in the nation to get ANTHELIOS SX, scheduled to arrive at Wells Skin Care in November. Place your pre-paid order during October and receive our introductory **special price of \$25** (regularly \$30).

## Rejuvenation on the Go

Did you know that advanced non-surgical facial sculpting techniques offer dramatic youthful results with little or no downtime? Restylane, Botox and other dermal fillers can be used to correct and soften lines, folds, nasal contouring, lift brows, jowls, and augment lips.

We offer the latest in expert advice and application with a treatment plan designed specifically for your facial enhancement. Make an appointment with our trained experts, Susan Meers, RN. MS or Carrie Clifford-Bennett, RN. These services are available daily, one Saturday a month, and evenings upon request.

Carrie Clifford-Bennett, RN

Susan Meers, RN, MS

Natalie Coyle  
Aesthetician and  
Skin Care Specialist

## Meet the New Kid

Natalie Coyle, the newest member of our skin care team, brings a fresh new eye. Trained two years in Nashville and Lexington, she is a Kentucky State Board licensed aesthetician. This Lexington native is active at Southland Christian Church and lived in Ireland doing non-profit work with children. Natalie loves working with people and enjoys helping them achieve great results with her expert skin care.

We want you to meet Natalie and begin getting those great results today! Call for an appointment and receive 20% off a facial, microdermabrasion, waxing or eyelash tinting by Natalie now through December 31. We know you will love working with her as much as we do!

## No Plain Jane Here

Jane Iredale Makeup is clearly one of the best mineral based products on the market.

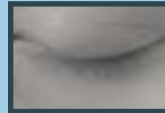

Not only are they good for your skin, they also look great in the fresh new fall colors; Cosmo lip gloss and Flushed blush. New products such as pom mist, blotting paper and two brushes, the Kabuki and the Dome, are musts for flawless makeup application. Come in for a complimentary makeup lesson and try these new colors and products.

## Long Lovely Lashes

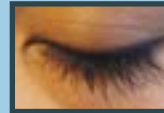

It's the latest trend. For those of us who are lash challenged, Extreme Lashes are individual synthetic lashes applied to your natural lash for a luscious, fuller look. They can last from four to six weeks with proper care, and may be worn with or without mascara. Perfect for holiday parties, special events, weddings, or reunions, they are so natural no one will ever know they are not your own! Right now, try them with our special \$200 introductory offer during October.
