

Wells Plastic Surgery

Wells Plastic Surgery and Skin Care was recently named an Allergan Diamond Practice, which means their practice is in the top 3% nationally of the utilization of top of the line Allergan product: Botox, Breast Implants, Juvederm, Latisse and Voluma. What this means for Wells clients is that they are in very practiced and knowledgeable hands. For those looking for a plastic surgery and skin care provider, it means that you can trust and depend on Dr. Wells, Susan Wells, RN, and their staff. Wells Plastic Surgery and Skin Care attained this status by providing procedures with great results and exceptional customer service – not just selling products.

Wells Plastic Surgery and Skin Care only provides products that are supported by evidence based research and are tested by their staff to ensure safety and efficacy. They can make you look and feel your absolute best with state of the art treatments, clinically researched products, and most importantly, physician-assisted skin care – which is not available at many skin care facilities.

For surgical body sculpting, patients are in very capable hands with Dr. Wells who, in the words of his patients, is reassuringly approachable, understanding and kind.

Dr. Henry Wells and Susan Wells, RN, MS at Wells' Diamond Celebration

Walnut Hill Day School

In September, 1986, Walnut Hill Day School was established and opened its doors to Three year old, Four year old and Kindergarten classes. Opening their doors also opened many hearts for both students and parents, allowing permanent friendships and lots of memories to be created along with a love of education.

Marilyn Todd (Director and Kindergarten), Marian Miller (Four Year), Jane Alexander (Four Year) Janie Cowgill (Three Year), Gail Bass (Three Year), Nellie Wilkinson (Spanish), Sandra Hudson (Music) and Debbie Critchfield (Physical Education) were the teachers in 1986 and Martha Heil taught in 1987 (Two Year). These teachers were the foundation of Walnut Hill Day School and established a basis for laughter, love and quality.

For 28 years, every teacher that taught improved upon this quality by bringing newly acquired knowledge, passion, fun and creativity to the classroom. Pictured is the Walnut Hill Day School present foundation, their awesome 2014-2015 teachers. Mariyn Todd is pictured, but is happily retiring in August and her daughter-in-law, Bobbi Todd, will be the new Director—with 18 years of experience, Bobbi certainly has the knowledge and passion to ensure a bright future for the school. The wonderful Walnut Hill Day School tradition continues!
